DC Lane are delighted to present this rarely available three-bedroom semi-detached home, situated in the ever-evolving area of Devonport. With significant redevelopment in recent years, properties of this style are now few and far between, making this a unique opportunity for buyers seeking something with both character and potential. Conveniently located close to local amenities, transport links and Plymouth city centre, the property is well positioned for a range of lifestyles.

Dating back to the 1930s, the home retains its traditional layout and charm, offering spacious accommodation throughout. Upon entering, you are welcomed into a central hallway with stairs rising to the first floor. The ground floor comprises a generously sized separate lounge, providing a comfortable living space, along with a separate dining room featuring large sliding doors that open directly onto the garden, creating a bright and airy environment. The kitchen is also well-proportioned and offers direct access outside, adding to the practicality of the layout.

Upstairs, the property continues to impress with three well-sized double bedrooms, offering ample space for families or those needing additional room for home working. There is a family bathroom along with a separate WC, enhancing convenience for day-to-day living.

Externally, the property boasts a substantial wraparound garden, providing plenty of outdoor space with excellent potential for landscaping or extension, subject to the necessary permissions. A standout feature is the roll-up garage door, allowing vehicle access into the garden for secure off-road parking, in addition to a separate garage currently used for storage.

Offered to the market with no onward chain, the property does require modernisation but presents an exciting opportunity to create a fantastic home tailored to individual taste. With its generous plot, traditional features and rarity within the area, a viewing is highly recommended.
